CONFIRMED PROOF

Residents of Garwood Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of this vicinity who so testified years ago, now say the results were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Garwood kidney sufferers.

J. M. Kuykendall, Hallettsville, Texas, says: "I can recommend Doan's Kidney Pills, for kidney trouble and backache. When I was all doubled up and had an extreme lameness across my loins, so that I could hardly stand erect, this remedy brought me prompt relief. I found it very effective in correcting disorders of the kidney secretions. Reading statements of reliable people who had used Doan's Kidney Pills with good results, induced me to procure a box and try them. I found them to be just as advertised. I am glad to confirm all I said two years ago recommending Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Provident City, Tex., Oct. 31.—E. V. Haisley and Miss Gertrude Fowler of this place were married at the residence of the bride's mother at high noon Wednesday. City Building Notes.

Co-operation is the law of city building.

Health, harmony and happiness breed contempt.

A town knocker is the product of the Devil's industry.

A pessimist is a bane to the community in which he lives.

A successful commercial organization must be telescopic in its vision.

Perpetual plodding pays profitably. Cities are not built in a day.

You cannot dream your town into a city, you must build and boost it into one.

If you can't say a good word for the town in which you live, it's time for you to move.

The raising of more and better stock by the farmers is as much a factor in community development as are manufacturing industries.

If every man in your community was doing as much for his community as you are, how long would it take to build the city in which you live?

The three-thirty juvenile parade from the school house means more to the future development of your community than does the noon-day dinner bucket brigade.

Some cities are spending millions to widen streets today that could have been widened a few years ago at comparatively no cost. Are you building your city for today or for the years to come?

DIVERSIFY. Don't depend on one crop. Plant fruit trees, berries, etc. Klondyke and Lady Thompson strawberry plants now ready. New catalogue free.

Advertising in The Home.

The study of advertising is no longer confined to the men who write ads, but has extended into the homes of the purchasers. When the paper arrives, the family eagerly scans its columns, not alone for the progressive or sensational news of the day, but for the message of the merchant, as well. They comment on the bargains offered and criticize or commend the styles or goods displayed. Every purchase that enters the home is discussed pro and con. Mother's dress, sister's bonnet, father's tie and brother's shoes are commented on. The advertising columns are becoming the most popular reading section of the local paper. They have always been the most profitable. Good advertising is a modern force that must be used by institutions that intend to grow.
